**DECLARATION OF LAI FUN YU AND LISA ANTONELLIS  
IN SUPPORT OF REQUEST TO WITHDRAW HOLDING OF ABANDONMENT**

We, Lai Fun Yu and Lisa Antonellis, declare as follows:

1. We have been employed by the law firm of Frommer Lawrence & Haug LLP as patent prosecution docket paralegals from before December 13, 2007 to date.
2. During that time, we exclusively were responsible for maintaining the firm's U.S. and foreign prosecution docket using a docket software system licensed from CPI.
3. All incoming mail from the U.S. Patent and Trademark Office is delivered to us for processing prior to distribution to responsible attorneys, paralegals or legal assistants. Copies of faxes and correspondence addressed to attorneys which relate to a U.S. patent application are also delivered to us.
4. Frank J. DeRosa, the attorney at the firm with primary responsibility for the above-identified application, provided us with a copy of a Notice of Allowance dated December 13, 2007 issued in the above-identified application and informed us that the application had become abandoned for failure to pay the issue fee due March 17, 2008.
5. Mr. DeRosa asked us to search docket records to determine whether we ever received the December 13, 2007 Notice of Allowance.
6. As a result of our check of the following docket records, we believe that that we did not receive the December 13, 2007 Notice of Allowance in the above-identified application: all docket records for the above-identified application; all docket records with a base action date of December 13, 2007; and all docket records for Notices of Allowance with a base date from December 13, 2007 to March 13, 2008.

7. A copy of a global PTO Base Date Report for December 13, 2007 from the firm's electronic docket is attached as Request Exhibit D.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
